

# Give your team a lift.

## Book an AgileLIFT lunch and learn today.

Our certified Agilist will guide your team through a series of activities that will turn unknowns into knowns. You will learn new tools that help you organize your solution delivery. If your goal is to ignite the fires of mission-focused delivery, this lunch and learn will challenge your team to think outside-the-box with proven methodologies that deliver results.

### Currently Available Course topics:

- **Showing Your Hand** – Need to beef up your team communication? Justin will share power tips for setting up highly collaborative sprints that keep everyone producing.
- **The Luck of the Draw** – Does a long list of requirements make your head spin? This power talk will help you learn to cut through the clutter and plan sprints that quickly progress from “in process” to “done.”
- **Full House** – Is your team ready to roll but new to Agile? Justin will give a brief overview on the Agile Light approach to mastering your first sprint.
- **Wildcard** – Got a sprint ready to run, but your team has a ton of questions on how to begin? Justin will spend one hour answering questions, while inspiring the team to dig deeper for solutions.

### Meet the Agilist & Solutions Architect:

Justin W. Bennett is President & CEO of Geodata IT, LLC. Justin maintains 18 years of experience in the Department of Defense (DoD) and Intelligence Community information technology industry.

**Recognized for achievement in enterprise management, service delivery and enterprise operations by the National Geospatial-Intelligence Agency (NGA), Justin is an innovator in intelligent solutions architecture.** As a specialist in designing niche IT strategies, he has helped enterprise companies like NJVC, Raytheon, SAIC, Pragmatics and CSC architect complex systems.

Justin holds a Master of Business Administration, with an Emphasis in Management Information Systems from Southern Illinois University, an AACSB accredited institution that ensures the highest level of business competency. Additionally, he earned his Bachelor of Science in Management Information Systems from Park University, and an Associate of Applied Science from the Community College of the Air Force (CCAF). Justin is a 2016 graduate of the SBA Emerging Leaders Program. He maintains a SAFe Agilist (SA) certification, is an Amazon Web Services (AWS) Certified Solutions Architect Associate, and holds an ITIL v3 Foundation Certification and has a Security+ Certification.

*“There is a leader inside of every employee. When you teach a team an iterative process for solving problems, it gives everyone permission to take ownership of the solutions,” said Justin Bennett, President and CEO of Geodata IT, LLC.*
